

## The Nemasket Group Story.....

Our story began when a group of families came together and wanted their sons and daughters with disabilities to have a future that included working and participating in everyday community life. The Nemasket Group was born from that idea with a lot of effort from families, local officials and the area office of the Department of Developmental Services.

### Mission Statement

The Nemasket Group offers personalized, flexible support to families and individuals with disabilities to live, work and develop relationships within our communities.
